Flexibility in Compliance**

BP 0300

**Philosophy, Goals, Objectives and Comprehensive Plans**

The district's necessary small school status coupled with waivers, variances, permissions and affidavits that may be on file allows the Indian Diggings School District to execute its compliance with statutory or regulatory programs and funding requirements for state and federal programs. With the aforementioned flexibility, in concurrence with the El Dorado County Office of Education the district may temporarily suspend certain state and federal requirements. For further information, please contact the Superintendent or designee.

**Board Policy**  
**School-Based Program Coordination**

BP 0420.1

**Philosophy, Goals, Objectives and Comprehensive Plans**

Cautionary Notice: AB 97 (Ch. 47, Statutes of 2013) repealed Education Code 42605, which provided temporary flexibility for specified "Tier 3" categorical programs, and instead redirects the funding for those categorical programs into the Local Control Funding Formula (LCFF) (Education Code 42238.01-42251). The supplemental and concentration grant portions of the LCFF may be used for any schoolwide or districtwide educational purpose in accordance with state regulations to be adopted by January 31, 2014, with a goal of increasing or improving services for English learners, foster youth, and students eligible for free and reduced-price meals. Certain requirements related to Tier 3 categorical program(s) in the following policy or regulation are no longer applicable.

In order to best serve students with special needs and students participating in designated educational programs, the Governing Board encourages school-based program coordination as a means for achieving flexibility in the use of the categorical funds received by each school. The Board believes that resources acquired to assist students in one program often can benefit other students without in any way depriving the originally targeted group.

A school site council shall be established at each school to consider whether or not it wishes the school to participate in school-based program coordination. All interested persons shall have an opportunity to meet in public to establish the site council. (Education Code 52852.5)

(cf. 0420 - School Plans/Site Councils)  
(cf. 1220 - Citizen Advisory Committees)

The school site council of any participating school shall develop, for approval by the Board, a school plan that addresses the components specified in Education Code 52853. This plan shall be incorporated into the school's single plan for student achievement required for the state's consolidated application process. (Education Code 52853, 64001)

Evaluation of each participating school's educational program shall include an assessment of the school's effectiveness in meeting the needs of each student population originally targeted by the categorical programs.

## **Administrative Regulation Comprehensive Local Plan For Special Education**

AR 0430

### **Philosophy, Goals, Objectives and Comprehensive Plans**

#### Definitions

Free appropriate public education (FAPE) means special education and related services that are provided at public expense, under public supervision and direction, and without charge; meet the standards of the California Department of Education, including the requirements of 34 CFR 300.1-300.818; include appropriate preschool, elementary school, or secondary school education for individuals between the ages of 3 and 21; and are provided in conformity with an individualized education program (IEP) that meets the requirements of 34 CFR 300.320-300.324. (34 CFR 300.17, 300.101, 300.104; Education Code 56040)

FAPE applies to students who are suspended or expelled or placed by the district in a nonpublic, nonsectarian school. (34 CFR 300.17, 300.101, 300.104)

Least restrictive environment means that, to the maximum extent appropriate, students with disabilities, including individuals in public or private institutions or other care facilities, be educated with individuals who are nondisabled, including the provision of nonacademic and extracurricular services and activities. Special classes, separate schooling, or other removal of students with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in the regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. (34 CFR 300.107, 300.114, 300.117; Education Code 56040.1)

Special education means specially designed instruction, provided at no cost to the parent/guardian, to meet the unique needs of individuals with disabilities including a full continuum of program options including instruction conducted in the classroom, in the home, in hospitals and institutions, and other settings, and instruction in physical education to meet the educational and service needs in the least restrictive environment. (Education Code 56300, 56031)

Special education may include each of the following if the services otherwise meet the definition in the above paragraph: (Education Code 56031)

1. Speech language pathology services, or any other designated instruction and service or related service, pursuant to Education Code 56363, if the service is considered special education rather than designated instruction and service or related service under state standards
2. Travel training
3. Career technical education

4. Transition services for students with disabilities in accordance with 34 CFR 300.43 if provided as specially designed instruction, or a related service, if required to assist a student with disabilities to benefit from special education

Specially designed instruction means adapting the content, methodology, or delivery of instruction to address the unique needs of the student that result from the student's disability and to ensure access of the student to the general curriculum, so that the student can meet the educational standards that apply to all students in the district. (34 CFR 300.39)

Surrogate parent means an individual assigned to act as a surrogate for the parent/guardian. The surrogate may represent an individual with disabilities in matters relating to identification, assessment, instructional planning and development, educational placement, reviewing and revising the IEP, and in other matters relating to the provision of FAPE to the individual with disability. (34 CFR 300.519; Education Code 56050)

(cf. 6159.3 - Appointment of Surrogate Parent for Special Education)

2. An annual budget plan and annual service plan adopted at a public hearing held by the SELPA
3. A description of programs for early childhood special education from birth through five years of age

9. A description of how specialized equipment and services will be distributed within the local plan area in a manner that minimizes the necessity to serve students in isolated sites and maximizes the opportunities to serve students in the least restrictive environment

The local plan, annual budget plan, and annual service plan shall be written in language that is understandable to the general public. (Education Code 56205)
