School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

Indian Diggings School is located in the southern end of El Dorado County in the small community of Omo Ranch. It is the only school in the district and has two, multi-grade classrooms. Our enrollment ranges from 15 to 25 students.

MISSION:

“Through love, support, and encouragement, we are stewarding the history of Omo Ranch. We are developing and teaching life-long learners who will constructively contribute to the world around them, and will positively affect the lives of others.”

VISION:

Indian Diggings School District seeks to preserve the rich cultural, social, and educational history that has emerged in Omo Ranch since the mid-1850’s. We envision a school that blends the tools of our emerging technological society with the proven educational tools of the past two centuries. We see students who are able to use educational skills and concepts in the real world.

Students will be provided with CCSS based curriculum in ELA that supports their needs and prepares them to communicate in a global economy and Mathematics curriculum that provides them with mastery of the skills needed to be competitive in the work force or college.

Students will be provided with social/emotional and enrichment activities that support their needs and prepare them to be a caring and productive citizen in our community.

Our families will be deeply involved in our District by participating in multiple activities including (but not limited to) working in the classroom, helping with activities, family enrichment events, parent classes, and off campus experiences. Communication between home and school will be frequent and conducted in multiple ways so as to keep all stakeholders informed and working as a team.

Our facility will be maintained in a way that promotes a safe and enriching environment for students, staff, and community.

Our administration will attract a balanced number of students each year to support the ongoing operation of the school.

Parent volunteers participate actively and support students by assisting in school activities and helping teachers with classroom instruction. A Parent/Community Club contributes generously to extracurricular activities.

School Facility Conditions and Planned Improvements (Most Recent Year)

We take pride in our school facility, and it is cleaned daily. Our building was built in 1959, modernized in 1997 and is of adequate size for our current enrollment. A regular maintenance and repair schedule is budgeted annually. The two classrooms, multipurpose room, fields, blacktop, and playground are modern and more than adequate for our present student population.

The single-floor, wood-frame facility with easily accessible classroom exits is very safe in the event of fires or earthquakes. There are safety rules, fire and earthquake preparedness instruction and adequate playground supervision. A comprehensive safe school plan is revised and adopted annually.

In our last parent survey, 100% of the parents felt their children were safe at school and that there is adequate playground supervision and playground equipment. One hundred percent of the parents indicated that the buildings and playgrounds are clean, adequate and safe. An irrigated play field adds to the safety of play areas. The rest rooms, floors, walls, roof, plumbing and electrical systems are clean, adequate, and in excellent condition. All efforts to ensure building safety, cleanliness, and adequacy have been successful. In the fall of 2002, new siding, painting, and water system improvements were made through various funding sources. In 2006, we developed a Community Safety Kiosk and added a 25 KW generator to provide the school with power during emergency incidents. The school was painted during the summer of 2009.

The school conducted an energy efficiency upgrade with California Proposition 39 funds that includes new HVAC units, furnace, hot water eater, and lighting in the summer of 2018.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	27.0	25.0	27.0	25.0	48.0	50.0
Mathematics (grades 3-8 and 11)	20.0	5.0	20.0	5.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	20	20	100.00	25.00

White	13	13	100.00	23.08
Two or More Races	--	--	--	--
Socioeconomically Disadvantaged	--	--	--	--
Students with Disabilities	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group
Grades Three through Eight and Grade Eleven (School Year 2017-18)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	20	20	100	5

White	13	13	100	7.69
Two or More Races	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students

Science (grades 5, 8, and 10)	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Types of Services Funded (Fiscal Year 2017-18)

Special services provided by the school and county Office of Education are: special education, psychologist for testing and evaluation, school nurse, and an after school program. Due to the small nature of our school all students receive individualized instruction on a daily basis with accommodations as needed. When students are eligible and willing to participate a school lunch program is provided. The teacher serves as the teacher/principal/superintendent. Professional Development (Most Recent Three Years)

The district holds four professional development days per year. Three to four of these days are used to provide opportunities for staff to update skills and to learn about current research and trends in public education. The activities are determined by the staff and administration collaboratively. They discuss their needs and then self select activities for staff development.
