Prerequisites for student participation in extracurricular and cocurricular activities shall be limited to those that have been demonstrated to be essential to the success of the activity. (5 CCR 4925)

Board Policy Independent Study

BP 6158

Instruction

The Governing Board authorizes independent study as an optional alternative instructional strategy for eligible students whose needs may be best met through study outside of the regular classroom setting. Independent study shall offer a means of individualizing the educational plan and enabling students to reach curriculum objectives and fulfill graduation requirements. As necessary to meet student needs, independent study may be offered on a full-time basis or on a part-time basis in conjunction with part- or full-time classroom study.

(cf. 0420.4 - Charter Schools)

(cf. 6011 - Academic Standards)

(cf. 6143 - Courses of Study)

(cf. 6146.1 - High School Graduation Requirements)

(cf. 6181 - Alternative Schools/Programs of Choice)

(cf. 6200 - Adult Education)

A student's participation in independent study shall be voluntary. Students participating in independent study shall have the right, at any time, to enter or return to the regular classroom mode of instruction. (Education Code 51747; 5 CCR 11700)

Parents/guardians of students who are interested in independent study shall contact the Superintendent or designee. The Superintendent or designee shall approve independent study for an individual student only upon determining that the student is prepared to meet the district's requirements for independent study and is likely to succeed in independent study as well as or better than he/she would in the regular classroom.

The minimum period of time for any independent study option shall be five consecutive school days.

The Superintendent or designee shall ensure that a written independent study agreement, as prescribed by law, exists for each participating student. (Education Code 51747)

The written agreement shall specify the length of time in which each independent study assignment must be completed. Because excessive leniency in the duration of independent study assignments may result in a student falling behind his/her peers and increase the risk of dropping out of school, independent study assignments shall be no more than one week for all grade levels and types of program. However, when necessary based on the specific circumstances of the student's approved program, the Superintendent or designee may allow for a longer period of time between the date an assignment is made and when it is due, up to the termination date of the agreement.

When a participating student misses three assignments, an evaluation shall be conducted to determine whether it is in the student's best interest to remain in independent study. However, a student's written agreement may specify a lower or higher number of missed assignments that will trigger an evaluation when the Superintendent or designee determines it appropriate based on the nature of the assignments, the total number of assignments, and/or other unique circumstances.

Supervising teachers should establish an appropriate schedule for student-teacher conferences in order to help identify students falling behind in their work or in danger of failing or dropping out of school. Except in unusual circumstances, it is expected that the supervising teacher will meet, either in person or by electronic means, with each participating student at least once a week to discuss the student's progress.

(cf. 5147 - Dropout Prevention)

Missing appointments with the supervising teacher without valid reasons also may trigger an evaluation to determine whether the student should remain in independent study.

The Superintendent or designee shall annually report to the Board the number of students participating in independent study, the average daily attendance generated for apportionment purposes, the quality of these students' work as measured by standard indicators, and the number and proportion of independent study students who graduate or successfully complete independent study. Based on the program evaluation, the Board and Superintendent shall determine areas for program improvement as needed.

(cf. 0500 - Accountability)

(cf. 5121 - Grades/Evaluation of Student Achievement)

(cf. 6162.5 - Student Assessment)

Home-Based Independent Study

The Superintendent or designee shall encourage parents/guardians desiring to teach their children at home to have their children participate in independent study. Such participation allows continued contact and cooperation between the school system and the home-based student and ensures that the student will be offered a standards-based education substantially equivalent in quality and quantity to the district's classroom instruction.

The IEP shall be a written statement designed by the IEP team to meet the unique educational needs of a student with a disability. (Education Code 56344; 34 CFR 300.323)

The regular education teacher shall, to the extent appropriate, participate in the development, review, and revision of the student's IEP, including assisting in the determination of appropriate positive behavioral interventions, supports, and other strategies for the student, and supplementary aids and services, program modifications, and supports for school personnel that will be provided for the student, consistent with 34 CFR 300.320. (Education Code 56341; 20 USC 1414(d)(3)(C); 34 CFR 300.324)

(cf. 6159.4 - Behavioral Interventions for Special Education Students)

3. At least one of the student's special education teachers or, where appropriate, special education providers
4. A representative of the district who is:
 - a. Qualified to provide or supervise the provision of specially designed instruction to meet the unique needs of students with disabilities

This individual may already be a member of the team as described in items #2-4 above or in item #6 below.

6. At the discretion of the parent/guardian or the Superintendent or designee, other individuals who have knowledge or special expertise regarding the student, including related services personnel, as appropriate

The determination of whether the individual has knowledge or special expertise regarding the student shall be made by the party who invites the individual to be a member of the IEP team.

7. Whenever appropriate, the student with a disability

In the development, review, or revision of his/her IEP, the student shall be allowed to provide confidential input to any representative of his/her IEP team. (Education Code 56341.5)

8. When the student is suspected of having a specific learning disability, at least one individual who is qualified to conduct individual diagnostic examinations of the student such as a school psychologist, speech language pathologist, or remedial reading teacher

If the child is younger than five years or not enrolled in school, a team member shall observe the child in an environment appropriate for a child of that age.

In the following circumstances, the Superintendent or designee shall invite other specified individuals to an IEP team meeting:

1. When the student has been placed in a group home by the juvenile court, a representative of the group home shall be invited to attend IEP team meetings. (Education Code 56341.2)

(Education Code 56341; 20 USC 1414(d)(1)(D); 34 CFR 300.321)

A member of the IEP team shall not be required to attend an IEP team meeting, in whole or in part, if the parent/guardian and the district agree, in writing, that the attendance of the member is not necessary because the member's area of the curriculum or related services is not being modified or discussed at the meeting. Even if the meeting involves a discussion of the IEP team member's area of the curriculum or related service, the member may be excused from the meeting if the parent/guardian, in writing, and the district consent to the excusal after conferring with the member and the member submits to the parent/guardian and team written input into the development of the IEP prior to the meeting. (cf. 6181 - Alternative Schools/Programs of Choice)

5. Specialized services, materials, and equipment for a student with low incidence disabilities, consistent with the guidelines pursuant to Education Code 56136

Development of the IEP

Within 30 days of a determination that a student needs special education and related services, the Superintendent or designee shall ensure that a meeting to develop an initial IEP is conducted. (34 CFR 300.323)

Any IEP required as a result of an assessment of a student shall be developed within 60 days from the date of receipt of the parent/guardian's written consent for assessment, unless the parent/guardian agrees, in writing, to an extension. Days between the student's regular school sessions, terms, or vacation of more than five school days shall not be counted. In the case of school vacations, the 60-day time limit shall recommence on the date that the student's school days reconvene. (Education Code 56344)

However, when the IEP is required as a result of an assessment of a student for whom a referral has been made 30 days or less prior to the end of the preceding regular school year, the IEP shall be developed within 30 days after the commencement of the subsequent regular school year. (Education Code 56344)

In developing the IEP, the IEP team shall consider all of the following: (Education Code 56341.1, 56345; 20 USC 1414(d)(3)(A); 34 CFR 300.324)

1. The strengths of the student

3. The results of the initial or most recent assessment of the student
4. The academic, developmental, and functional needs of the student
5. In the case of a student whose behavior impedes his/her learning or that of others, the use of positive behavioral interventions and supports and other strategies to address that behavior
6. In the case of a student with limited English proficiency, the language needs of the student as such needs relate to the student's IEP
7. In the case of a student who is blind or visually impaired, the need to provide for instruction in Braille and instruction in the use of Braille

However, such instruction need not be included in the IEP if the IEP team determines that instruction in Braille or the use of Braille is not appropriate for the student. This determination shall be based upon an assessment of the student's reading and writing skills, his/her future needs for instruction in Braille or the use of Braille, and other appropriate reading and writing media.

8. The communication needs of the student and, in the case of a student who is deaf or hard of hearing, the student's language and communication needs, opportunities for direct communications with peers and professional personnel in the student's language and

communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student's language and communication mode

The team shall also consider the related services and program options that provide the student with an equal opportunity for communication access, as described in Education Code 56345.

9. Whether the student requires assistive technology devices and services

If, in considering the special factors in items #1-9 above, the IEP team determines that the student needs a particular device or service, including an intervention, accommodation, or other program modification, in order to receive FAPE, the team shall include a statement to that effect in the student's IEP. (Education Code 56341.1)

Provision of Special Education and Related Services

The district shall ensure that, as soon as possible following development of the IEP, special education services and related services are made available to the student in accordance with his/her IEP. (Education Code 56344; 34 CFR 300.323)

The Superintendent or designee shall ensure that the student's IEP is accessible to each regular education teacher, special education teacher, related service provider, and any other service provider who is responsible for its implementation. The Superintendent or designee also shall ensure that such teachers and providers are informed of their specific responsibilities related to implementing the IEP and the specific accommodations, modifications, and supports that must be provided to the student in accordance with the IEP. (34 CFR 300.323)

Review and Revision of the IEP

The Superintendent or designee shall ensure that the IEP team reviews the IEP periodically, but at least annually, in order to: (Education Code 56043, 56341.1, 56380; 20 USC 1414(d)(4); 34 CFR 300.324)

1. Determine whether the annual goals for the student are being achieved
2. Revise the IEP, as appropriate, to address:
 - a. Any lack of expected progress toward the annual goals and in the general education curriculum, where appropriate
 - b. The results of any reassessment conducted pursuant to Education Code 56381
 - c. Information about the student provided to or by the parents/guardians regarding review of evaluation data pursuant to 34 CFR 300.305(a)(2) and Education Code 56381(b)
 - d. The student's anticipated needs

e. Any other relevant matter

3. Consider the special factors listed in items #5-9 above under "Development of the IEP," when reviewing the IEP of any student with a disability to whom one of those factors may apply

The IEP team shall also meet at any other time upon request by the student's parent/guardian or teacher to review or revise the IEP. (Education Code 56343)

When a parent/guardian requests an IEP team meeting to review the IEP, the team shall meet within 30 days of receiving the parent/guardian's written request, not counting days between the student's regular school sessions or terms or days of school vacation in excess of five school days. If a parent/guardian makes an oral request, the district shall notify the parent/guardian of the need for a written request and the procedure for filing such a request. (Education Code 56043, 56343.5)

A regular education or special education teacher may request a review of the classroom assignment of a student with a disability by submitting a written request to the Superintendent or designee. The Superintendent or designee shall consider the request within 20 days of receiving it, not counting days when school is not in session or, for year-round schools, days when the school is off track. If the review indicates a need for change in the student's placement, instruction, and/or related services, the Superintendent or designee shall convene an IEP team meeting, which shall be held within 30 days of the Superintendent or designee's review, not counting days when school is not in session or days when school is off track, unless the student's parent/guardian consents in writing to an extension of time.

If a participating agency other than the district fails to provide the transition services described in the student's IEP, the team shall reconvene to identify alternative strategies to meet the transition service objectives set out for the student in the IEP. (Education Code 56345.1; 20 USC 1414(d); 34 CFR 300.324)

If a student with a disability residing in a licensed children's institution or foster family home has been placed by the district in a nonpublic, nonsectarian school, the Superintendent or designee shall conduct an annual evaluation as part of the IEP process of whether the placement is the least restrictive environment that is appropriate to meet the student's needs. (Education Code 56157)

(cf. 6159.2 - Nonpublic, Nonsectarian School and Agency Services for Special Education)
(cf. 6173.1 - Education for Foster Youth)

When an IEP calls for a residential placement as a result of a review by an expanded IEP team, the IEP shall include a provision for a review, at least every six months, by the full IEP team of the case progress, the continuing need for out-of-home placement, the extent of compliance with the IEP, and progress toward alleviating the need for out-of-home care. (Education Code 56043)

To the extent possible, the Superintendent or designee shall encourage the consolidation of reassessment meetings and other IEP team meetings for a student. (20 USC 1414(d)(3)(A); 34

CFR 300.324)

When a change is necessary to a student's IEP after the annual IEP team meeting for the school year has been held, the parent/guardian and the Superintendent or designee may agree not to convene an IEP team meeting for the purpose of making the change and instead may develop a written document to amend or modify the student's current IEP. The IEP team shall be informed of any such changes. Upon request, the Superintendent or designee shall provide the parent/guardian with a revised copy of the IEP with the incorporated amendments. (20 USC 1414(d)(3)(D); 34 CFR 300.324)

Audio Recording of IEP Team Meetings

Parents/guardians and the Superintendent or designee shall have the right to audio record the proceedings of IEP team meetings, provided members of the IEP team are notified of this intent at least 24 hours before the meeting. Before providing special education and related services to any student, the Superintendent or designee shall seek to obtain informed consent of the student's parent/guardian pursuant to 20 USC 1414(a)(1). The district shall not provide services by utilizing the due process hearing procedures pursuant to 20 USC 1415(f) if the parent/guardian refuses to consent to the initiation of services. If the parent/guardian does not consent to all of the components of the IEP, then those components to which the parent/guardian has consented shall be implemented so as not to delay providing instruction and services to the student. (Education Code 56346)

If the Superintendent or designee determines that a part of a proposed IEP to which the parent/guardian does not consent is necessary in order to provide the student with FAPE, a due process hearing shall be initiated in accordance with 20 USC 1415(f). While the due process hearing is pending, the student shall remain in the current placement unless the parent/guardian and the Superintendent or designee agree otherwise. (Education Code 56346)

If at any time subsequent to the initial provision of services, the student's parent/guardian, in writing, revokes consent for the continued provision of special education services, the Superintendent or designee shall provide prior written notice within a reasonable time before ceasing to provide services to the student. The Superintendent or designee shall not request a due process hearing or pursue mediation in order to require an agreement or ruling that services be provided to the student. When the district ceases to provide special education services in response to the parent/guardian's revocation of consent, the student shall be classified as a general education student.

Transfer Students

To facilitate the transition of a student with a disability who is transferring into the district, the Superintendent or designee shall take reasonable steps to promptly obtain the student's records, including his/her IEP and the supporting documents related to the provision of special education services. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the district from another school district within the same SELPA during the school year, the district shall continue to provide services comparable to those described in the student's existing IEP, unless his/her parent/guardian and the district agree to develop, adopt, and implement a new IEP that is consistent with state and federal law. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the district from a school district outside of the district's SELPA during the school year, the district shall provide the student with FAPE, including services comparable to those described in the previous district's IEP. Within 30 days, the Superintendent or designee shall, in consultation with the student's parents/guardians, adopt the previous district's IEP or shall develop, adopt, and implement a new IEP that is consistent with state and federal law. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the district from an out-of-state district during the school year, the district shall provide the student with FAPE, including services comparable to the out-of-state district's IEP, in consultation with the parent/guardian, until such time as the Superintendent or designee conducts an assessment, if it determines that such an assessment is necessary, and develops, adopts, and implements a new IEP, if appropriate. In order to improve the academic achievement of students from economically disadvantaged families, the district shall use federal Title I funds to provide supplementary services that reinforce the core curriculum and assist students in attaining proficiency on state academic standards and assessments.

(cf. 5149 - At-Risk Students)

(cf. 6011 - Academic Standards)

(cf. 6162.5 - Student Assessment)

(cf. 6162.51 - State Academic Achievement Tests)

(cf. 6162.52 - High School Exit Examination)

The Superintendent or designee shall provide technical assistance and support to any school participating in the Title I program, including consultation in the development and implementation of school plans and activities. (20 USC 6312)

(cf. 0420 - School Plans/Site Councils)

The district and each school receiving Title I funds shall develop a written parent involvement policy in accordance with 20 USC 6318.

(cf. 6020 - Parent Involvement)

Local Educational Agency Plan

The Superintendent or designee shall consult with teachers, principals, administrators, other appropriate school personnel, and parents/guardians of participating students in the development, periodic review, and, as necessary, the revision of a local educational agency (LEA) plan. The plan and any revisions shall be submitted to the Governing Board for approval. (20 USC 6312)

The plan shall address the components specified in 20 USC 6312, which describe the assessments, strategies, and services the district will use to help low-achieving students meet challenging academic standards.

The initial plan shall be submitted to the California Department of Education (CDE) and approved by the State Board of Education. Subsequent revisions of the plan shall be kept on file in the district.

Comparability of Services

State and local funds used in schools receiving Title I funds shall provide services that, taken as a whole, are at least comparable to services in schools that are not receiving Title I funds or, if all district schools are receiving Title I funds, that are substantially comparable in each school. Comparability may be determined on a school-by-school basis or by grade span. (20 USC 6321)

To demonstrate comparability of services among district schools:

1. The Board shall adopt and implement a districtwide salary schedule.
2. The ratio of students to teachers, administrators, and other staff at each Title I school shall not exceed 110 percent of the average ratio across non-Title I schools.
3. Salary expenditures at each Title I school shall be no less than 90 percent of the average salary expenditure across non-Title I schools.
4. All district schools shall be provided with the same level of base funding per student for curriculum and instructional materials.
5. The Superintendent or designee shall maintain records of the quantity and quality of instructional materials and equipment at each school.

(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

In determining comparability, the district shall not include staff salary differentials for years of employment. The district also may exclude unpredictable changes in student enrollment or personnel assignments that occur after the beginning of the school year, state and local funds expended for language instruction educational programs, state and local funds expended for the excess costs of providing services to disabled students, and supplemental state or local funds expended in any school attendance area or school for programs that specifically meet the intent and purposes of Title I. (20 USC 6321)

At the beginning of each school year, the Superintendent or designee shall measure comparability in accordance with the above criteria and maintain records documenting the district's compliance. If any instances of noncomparability are identified, the Superintendent or designee shall promptly implement adjustments as needed to ensure comparability.

Program Evaluation

The Board shall use state assessment results and other available measures or indicators to annually determine whether each participating school is making adequate yearly progress toward ensuring that all students meet the state's proficient level of achievement on state assessments. (20 USC 6316)

Education For Homeless Children

BP 6173

Instruction

The Governing Board desires to ensure that homeless students have access to the same free and appropriate public education provided to other students within the district. The district shall provide homeless students with access to education and other services necessary for these students to meet the same challenging academic standards as other students.

Homeless students shall not be segregated into a separate school or program based on their status as homeless and shall not be stigmatized in any way.

(cf. 3553 - Free and Reduced Price Meals)

The Superintendent or designee shall ensure that placement decisions for homeless students are based on the student's best interest as defined in law and administrative regulation.

Transportation

The district shall provide transportation for a homeless student to and from his/her school of origin when the student is residing within the district and the parent/guardian requests that such transportation be provided. If the student moves outside of district boundaries, but continues to attend his/her school of origin within this district, the Superintendent or designee shall consult with the superintendent of the district in which the student is now residing to agree upon a method to apportion the responsibility and costs of the transportation. Board Policy Education For English Language Learners

BP 6174

Instruction

The Governing Board intends to provide English learners with challenging curriculum and instruction that develop proficiency in English as rapidly and effectively as possible while facilitating student achievement in the district's regular course of study.

English learners shall be provided English language development instruction targeted to their English proficiency level and aligned with state content standards. The district's program shall be based on sound instructional theory and adequately supported in order to assist students in accessing the full educational program.

(cf. 6011 - Academic Standards)

(cf. 6141 - Curriculum Development and Evaluation)

(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

(cf. 6161.11 - Supplementary Instructional Materials)

(cf. 6171 - Title I Programs)

The Superintendent or designee shall ensure that all staff employed to teach English learners possess the appropriate authorization from the Commission on Teacher Credentialing.

(cf. 4112.22 - Staff Teaching English Language Learners)

The Superintendent or designee shall encourage parent and community involvement in the development, implementation, and evaluation of English language development programs. In addition, to support students' English language development, the Superintendent or designee may provide an adult literacy training program for parents/guardians and community members that leads to English fluency.

(cf. 0420 - School Plans/Site Councils)

(cf. 1220 - Citizen Advisory Committees)

(cf. 6020 - Parent Involvement)

Identification and Assessment

The Superintendent or designee shall maintain procedures which provide for the accurate identification of English learners and an assessment of their proficiency and needs in the areas of listening, speaking, reading, and writing in English.

Once identified as an English learner, a student shall be annually assessed for language proficiency until he/she is reclassified based on criteria specified in administrative regulation.

Placement of English Learners

Students who are English learners shall be educated through "sheltered English immersion" or "structured English immersion," as defined in law and administrative regulation, during a temporary transition period not normally intended to exceed one year. Nearly all of the classroom instruction in the district's structured English immersion program shall be in English, but with the curriculum and presentation designed for students who are learning the language. (Education Code 305-306)

For purposes of determining the amount of instruction conducted in English in the structured English immersion classroom, "nearly all" shall be defined as all classroom instruction will be conducted in English except for clarification, explanation, and support as needed.v

When an English learner has acquired a reasonable level of English proficiency as measured by any of the state-designated assessments approved by the California Department of Education, any district assessments, and/or other criteria adopted by the Board, he/she shall be transferred from a structured English immersion classroom to an English language mainstream classroom in which the instruction is overwhelmingly in English. (Education Code 305-306; 5 CCR 11301)

(cf. 6162.5 - Student Assessment)

An English learner has acquired a "reasonable level of English proficiency" when he/she has achieved the reasonable level of English proficiency is defined for English Language students by attainment of intermediate, early advanced, or advanced designation on CELDT.

At any time during the school year, the parent/guardian of an English learner may have his/her child moved into an English language mainstream program. (5 CCR 11301)

Parental Exception Waivers

When allowed by law, the parent/guardian of an English learner may submit a request that his/her child be exempted from placement in a structured English immersion program and instead be placed in a class where he/she is taught English and other subjects through bilingual education techniques or other generally recognized educational methodologies permitted by law. (Education Code 310-311)

Each waiver request shall be considered on its individual merits with deference given to parental preference for student placement.

A waiver request shall be granted in accordance with law unless the principal and educational staff have determined that an alternative program would not be better suited to the student's overall educational development. (5 CCR 11309)

If the Superintendent or designee denies the waiver request, he/she shall provide a written justification to the parent/guardian describing the reasons for the denial. A parent/guardian may appeal the decision in writing to the Board. The Board may consider the matter at its next

regular Board meeting. The Board may decide not to hear the appeal, in which case the Superintendent's decision shall be final. If the Board hears the appeal, the Superintendent shall send the Board's decision to the parent/guardian within seven working days.

Program Evaluation

To evaluate the effectiveness of the district's educational program for English learners, the Superintendent or designee shall report to the Board, at least annually, regarding the progress of English learners towards proficiency in English, the number and percentage of English learners reclassified as fluent English proficient, the number and percentage of English learners who are or are at risk of being classified as long-term English learners, the achievement of English learners on standards-based tests in core curricular areas, and a comparison of current data with data from at least the previous year. The Superintendent or designee also shall provide the Board with regular reports from any district or schoolwide English learner advisory committees.

Administrative Regulation Education For English Language Learners

AR 6174

Instruction

Definitions

English learner, also known as a limited English proficient student, means a student who does not speak English or whose native language is not English and who is not currently able to perform ordinary classroom work in English. (Education Code 306)

Long-term English learner means an English learner who is enrolled in grades 6-12, has been enrolled in schools in the United States for more than six years, has remained at the same English language proficiency level for two or more consecutive years as determined by the California English Language Development Test (CELDT) or any successor test, and scores far below basic or below basic on the English language arts test of the California Standards Tests or any successor test. (Education Code 313.1)

English learner at risk of becoming a long-term English learner means an English learner who is enrolled in grades 5-11 in the United States for four years, scores at the intermediate level or below on the CELDT or any successor test, and scores in the fourth year at the below basic or far below basic level on the English language arts test of the California Standards Tests or any successor test. (Education Code 313.1)

English language classroom means a classroom in which the language of instruction used by the teaching personnel is overwhelmingly the English language, and in which such teaching personnel possess a good knowledge of the English language. (Education Code 306)

English language mainstream classroom means a classroom in which the students either are native English language speakers or already have acquired reasonable fluency in English. (Education Code 306)

Sheltered English immersion or structured English immersion means an English language acquisition process in which nearly all classroom instruction is in English but with the curriculum and presentation designed for students who are learning the language. (Education Code 306)

Bilingual education/native language instruction means a language acquisition process for students in which much or all instruction, textbooks, and teaching materials are in the student's native language. (Education Code 306)

Identification and Assessment

Upon enrollment in the district, each student's primary language shall be determined through use

of a home language survey. (5 CCR 11307)

Any student who is identified as having a primary language other than English as determined by the home language survey, and who has not been previously identified as an English learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be assessed for English proficiency using the CELDT. The test shall be administered between 60 calendar days before the date of first enrollment in a district school and 30 calendar days after the date of first enrollment, but not before July 1 of that school year. (5 CCR 11511)

The CELDT shall be administered in accordance with 5 CCR 11511-11516.7.

Variations and accommodations in test administration may be provided pursuant to 5 CCR 11516-11516.7. Any student with a disability shall be allowed to take the CELDT with those accommodations for testing that the student has regularly used during instruction and classroom assessment as delineated in the student's individualized education program (IEP) or Section 504 plan that are appropriate and necessary to address the student's individual needs. If he/she is unable to participate in the assessment or a portion of the assessment with such accommodations, he/she shall be administered an alternate assessment for English language proficiency as set forth in his/her IEP. (5 CCR 11516-11516.7)

(cf. 6152.51 - State Academic Achievement Tests)

(cf. 6159 - Individualized Education Program)

(cf. 6164.6 - Identification and Education Under Section 504)

Parental Notifications

The district shall notify parents/guardians of their child's results on the CELDT within 30 calendar days following receipt of the results from the test contractor. (5 CCR 11511.5)

(cf. 5145.6 - Parental Notifications)

At the beginning of each school year, parents/guardians shall be informed of the placement of their child in a structured English immersion program and shall be notified of an opportunity to apply for a parental exception waiver. (Education Code 310; 5 CCR 11309)

Not later than 30 calendar days after the beginning of the school year, each parent/guardian of a student participating in, or identified for participation in, a language instruction program supported by federal Title III funds shall receive notification of the assessment of his/her child's English proficiency. The notice shall include all of the following: (Education Code 440; 20 USC 7012)

1. The reason for the student's classification as an English learner
2. The level of English proficiency

3. A description of the program for English language development instruction, including a description of all of the following:
 - a. The manner in which the program will meet the educational strengths and needs of the student
 - b. The manner in which the program will help the student develop his/her English proficiency and meet age-appropriate academic standards
 - c. The specific exit requirements for the program, the expected rate of transition from the program into classrooms not tailored for English learners, and the expected rate of graduation from secondary school if applicable
 - d. Where the student has been identified for special education, the manner in which the program meets the requirements of the student's IEP
4. Information regarding a parent/guardian's option to decline to allow the student to be enrolled in the program or to choose to allow the student to be enrolled in an alternative program
5. Information designed to assist a parent/guardian in selecting among available programs, if more than one program is offered

Parental Exception Waivers

A parent/guardian may, by personally visiting the school, request that the district waive the requirements pertaining to the placement of his/her child in a structured English immersion program if one of the following circumstances exists: (Education Code 310-311)

1. The student already possesses good English language skills, as measured by standardized tests of English vocabulary comprehension, reading, and writing, in which the student scores at or above the state average for his/her grade level or at or above the fifth-grade average, whichever is lower.
2. The student is age 10 years or older, and it is the informed belief of the principal and educational staff that an alternate course of study would be better suited to the student's rapid acquisition of basic English skills.
3. The student already has been placed, for a period of not less than 30 calendar days during that school year, in an English language classroom and it is subsequently the informed belief of the principal and educational staff that the student has special physical, emotional, psychological, or educational needs and that an alternate course of educational study would be better suited to the student's overall educational development.

Upon request for a waiver, the Superintendent or designee shall provide parents/guardians with a full written description and, upon request, a spoken description of the intent and content of the structured English immersion program, any alternative courses of study, all educational

opportunities offered by the district and available to the student, and the educational materials to be used in the different educational program choices. For a request for waiver pursuant to item #3 above, the Superintendent or designee shall notify the parent/guardian that the student must be placed for a period of not less than 30 calendar days in an English language classroom and that the waiver must be approved by the Superintendent pursuant to any guidelines established by the Governing Board. (Education Code 310, 311; 5 CCR 11309)

The principal and educational staff may recommend a waiver to a parent/guardian pursuant to item #2 or #3 above. Parents/guardians shall be informed in writing of any recommendation for an alternative program made by the principal and staff and shall be given notice of their right to refuse to accept the recommendation. The notice shall include a full description of the recommended alternative program and the educational materials to be used for the alternative program as well as a description of all other programs available to the student. If the parent/guardian elects to request the alternative program recommended by the principal and educational staff, the parent/guardian shall comply with district procedures and requirements otherwise applicable to a parental exception waiver, including Education Code 310. (Education Code 311; 5 CCR 11309)

When evaluating waiver requests pursuant to item #1 above and other waiver requests for those students for whom standardized assessment data are not available, other equivalent assessment measures may be used. These equivalent measures may include district standards and assessment and teacher evaluations of such students.

Parental exception waivers pursuant to item #2 above shall be granted if it is the informed belief of the principal and educational staff that an alternate course of educational study would be better suited to the student's rapid acquisition of basic English language skills. (Education Code 311)

Parental exception waivers pursuant to item #3 above shall be granted by the Superintendent if it is the informed belief of the principal and educational staff that, due to the student's special physical, emotional, psychological, or educational needs, an alternate course of educational study would be better suited to the student's overall educational development. (Education Code 311)

All parental exception waivers shall be acted upon within 20 instructional days of submission to the principal. However, parental waiver requests pursuant to item #3 above shall not be acted upon during the 30-day placement in an English language classroom. Such waivers shall be acted upon no later than 10 calendar days after the expiration of that 30-day English language classroom placement or within 20 instructional days of submission of the waiver to the principal, whichever is later. (5 CCR 11309)

Any individual school in which 20 students or more of a given grade level receive a waiver shall offer an alternative class where the students are taught English and other subjects through bilingual education techniques or other generally recognized educational methodologies permitted by law. Otherwise, the students shall be allowed to transfer to a public school in which such a class is offered. (Education Code 310)

In cases where a parental exception waiver pursuant to item #2 or #3 above is denied, the parent/guardian shall be informed in writing of the reason(s) for the denial and advised that he/she may appeal the decision to the Board if the Board authorizes such an appeal, or to the court. (5 CCR 11309)

Waiver requests shall be renewed annually by the parent/guardian. (Education Code 310)

Reclassification/Redesignation

The district shall continue to provide additional and appropriate educational services to English learners for the purposes of overcoming language barriers until they: (5 CCR 11302)

1. Demonstrate English language proficiency comparable to that of the district's average native English language speakers
2. Recoup any academic deficits which may have been incurred in other areas of the core curriculum as a result of language barriers

English learners shall be reclassified as fluent English proficient when they are able to comprehend, speak, read, and write English well enough to receive instruction in an English language classroom and make academic progress at a level substantially equivalent to that of students of the same age or grade whose primary language is English and who are in the regular course of study. (Education Code 52164.6)

The following measures shall be used to determine whether an English learner shall be reclassified as fluent English proficient: (Education Code 313; 5 CCR 11303)

1. Assessment of English language proficiency using an objective assessment instrument, including, but not limited to, the CELDT.
2. Participation of the student's classroom teacher and any other certificated staff with direct responsibility for teaching or placement decisions related to the student.
3. Parent/guardian opinion and consultation. The Superintendent or designee shall provide the parent/guardian with notice and a description of the reclassification process and of his/her opportunity to participate in the process and shall encourage his/her involvement in the process.
4. Student performance on a statewide assessment of basic skills in English.

The Superintendent or designee shall monitor the progress of reclassified students to ensure their correct classification and placement. (5 CCR 11304)

Students shall be monitored for at least two years following their reclassification. As part of this evaluation, the Superintendent or designee shall identify whether the student needs any additional academic support to ensure his/her language and academic success.

Advisory Committees

At the district level when there are more than 50 English learners in the district and at each school with more than 20 English learners, parent/guardian advisory committees shall be maintained to serve the advisory functions specified in law. (5 CCR 11308)

Parents/guardians of English learners shall constitute committee membership in at least the same percentage as their children represent of the total number of students in the school. (Education Code 52176)

The district's English language advisory committee shall advise the Board on at least the following tasks: (5 CCR 11308)

1. The development of a district master plan of education programs and services for English learners, taking into consideration the school site plans for English learners
2. The districtwide needs assessment on a school-by-school basis
3. Establishment of a district program, goals, and objectives for programs and services for English learners
4. Development of a plan to ensure compliance with applicable teacher or aide requirements
5. Administration of the annual language census
6. Review of and comment on the district's reclassification procedures
7. Review of and comment on the written notification required to be sent to parents/guardians pursuant to 5 CCR 11300-11316

(cf. 0420 - School Plans/Site Councils)
(cf. 1220 - Citizen Advisory Committees)
(cf. 5020 - Parent Rights and Responsibilities)
(cf. 6020 - Parent Involvement)

In order to assist advisory members in carrying out their responsibilities, the Superintendent or designee shall ensure that committee members receive appropriate training and materials. This training shall be planned in full consultation with the members. (5 CCR 11308)

BP 6178

Instruction

Cautionary Notice: As added and amended by SBX3 4 (Ch. 12, Third Extraordinary Session, Statutes of 2009), ABX4 2 (Ch. 2, Fourth Extraordinary Session, Statutes of 2009), and SB 70 (Ch. 7, Statutes of 2011), Education Code 42605 grants districts flexibility in "Tier 3" categorical programs and provides that districts are deemed in compliance with the program and funding requirements for these programs for the 2008-09 through 2014-15 fiscal years. As a result of this flexibility, the district may choose to temporarily suspend certain provisions of the following policy or administrative regulation that reflect these requirements. However, this flexibility does not affect or alter any existing contract or bargaining agreement that the district may have in place. Thus, districts should examine the terms of those contracts and agreements and consult with district legal counsel for additional guidance. Also, see BP 2210-Administrative Discretion Regarding Board Policy.

The Governing Board desires to provide a comprehensive career technical education (CTE) program in the secondary grades which integrates core academic instruction with technical and occupational instruction in order to increase student achievement, graduation rates, and readiness for postsecondary education and employment. The district's CTE program shall be designed to help students develop the academic, career, and technical skills needed to succeed in a knowledge- and skills-based economy. The program shall include a rigorous academic component and provide students with a strong experience and understanding of all aspects of an industry.

(cf. 6143 - Courses of Study)

(cf. 6200 - Adult Education)

The district's CTE program shall focus on preparing students to enter current or emerging high-skill, high-wage, and/or high-demand occupations. CTE opportunities may be offered through linked learning programs, partnership academies, apprenticeship programs or orientation to apprenticeships, regional occupational centers or programs, tech prep programs, charter schools, small learning communities, or other programs that expose students to career options while preparing them for future careers in a given industry or interest area.

(cf. 0420.4 - Charter School Authorization)

(cf. 6178.2 - Regional Occupational Center/Program)

The Board shall review and approve all district plans and applications for the use of state and/or federal funds supporting CTE.

The Board shall adopt district standards for CTE which meet or exceed the state's model content standards and describe the essential knowledge and skills that students enrolled in these courses

are expected to master. The course curriculum shall be aligned with district-adopted standards and the state's curriculum framework.

(cf. 6011 - Academic Standards)
(cf. 6141 - Curriculum Development and Evaluation)

At least every three years, the Board shall compare the district's curriculum, course content, and course sequence of CTE with the model state curriculum standards. (Education Code 52376)

The Superintendent or designee shall systematically review the district's CTE classes to determine the degree to which each class may offer an alternative means for completing and receiving credit for specific portions of the course of study prescribed by the district for high school graduation. The Board shall ensure that these classes are equivalent in content and rigor to the courses prescribed for graduation. (Education Code 52376)

(cf. 6146.1 - High School Graduation Requirements)

BP 6178.2

Instruction

Cautionary Notice: AB 97 (Ch. 47, Statutes of 2013) repealed Education Code 42605, which provided temporary flexibility for specified "Tier 3" categorical programs, and instead redirects the funding for those categorical programs into the Local Control Funding Formula (LCFF) (Education Code 42238.01-42251). The supplemental and concentration grant portions of the LCFF may be used for any schoolwide or districtwide educational purpose in accordance with state regulations to be adopted by January 31, 2014, with a goal of increasing or improving services for English learners, foster youth, and students eligible for free and reduced-price meals. Certain requirements related to Tier 3 categorical program(s) in the following policy or regulation are no longer applicable.

The Governing Board desires to provide opportunities for district students to receive specialized training and career technical skills through a regional occupational center or program (ROC/P) that prepares them for employment, advanced training, or postsecondary education.

(cf. 6112 - School Day)
(cf. 6178 - Career Technical Education)
(cf. 6178.1 - Work Based Learning)

Participation in County-Operated ROC/P

The district shall refer eligible students to an ROC/P that has been established by the County Superintendent of Schools and is under the governance of the County Board of Education. (Education Code 52301, 52310.5)

The Board and Superintendent or designee shall maintain effective communications with the County Board and County Superintendent in order to ensure that district students receive a high-quality career technical program. The Superintendent or designee shall work with the County Superintendent to identify appropriate means for the district to provide input into ROC/P program development, budget adoption, program evaluation, and other matters.

The Board may enter into a contract with the county-operated ROC/P to provide district teachers, student support services, facilities, or other services to students enrolled in the ROC/P.

Student Eligibility and Participation

To enroll in the ROC/P on a part-time or full-time basis, a district high school or adult student must have his/her admittance approved by the ROC/P based on a determination that he/she will benefit from the program. To be eligible, a student must be at least 16 years of age, unless

he/she meets one of the conditions specified in Education Code 52314. (Education Code 52314, 52314.5, 52315)

(cf. 5147 - Dropout Prevention)
(cf. 6200 - Adult Education)

Adult students may have access to ROC/P classes offered on high school campuses during the school day.

A student who is attending an ROC/P may be exempted from the district's full-time compulsory continuation education program and/or physical education in accordance with law, Board policy, and administrative regulation. (Education Code 48410, 52316)

(cf. 5112.1 - Exemptions from Attendance)
(cf. 6142.7 - Physical Education)
(cf. 6184 - Continuation Education)

Credits earned from courses completed in an ROC/P may be applied toward fulfillment of high school graduation course requirements. (Education Code 51225.3, 52310)

(cf. 6146.1 - High School Graduation Requirements)
(cf. 6146.11 - Alternative Credits Toward Graduation)

Student Services

The district may provide or arrange for transportation to the ROC/P in accordance with law, Board policy, and administrative regulation.

(cf. 3250 - Transportation Fees)
(cf. 3260 - Fees and Charges)
(cf. 3541 - Transportation Routes and Services)

The district's academic counseling program shall be designed to increase students' awareness of available educational options aligned with their career goals, including, as appropriate, career technical programs offered through the ROC/P.

(cf. 6164.2 - Guidance/Counseling Services)

Program Evaluation

The Board shall annually hold a public hearing to review and assess the participation of district students in grades 11-12 in the ROC/P and shall adopt an annual plan to increase participation of students in this program, unless it is determined that there are no additional district students who would benefit from this participation. (Education Code 52304.1)

The Board also shall review student achievement data for participating district students.

Involuntary Transfer

A decision to transfer a student involuntarily into continuation education classes shall be based on a finding that the student meets either of the following conditions: (Education Code 48432.5)

1. The student committed an act enumerated in Education Code 48900.

(cf. 5144 - Discipline)
(cf. 5144.1 - Suspension and Expulsion/Due Process)
(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))
(cf. 6185 - Community Day School)

2. The student has been habitually truant or irregular in attendance from instruction he/she is lawfully required to attend.

(cf. 5113 - Absences and Excuses)
(cf. 5113.1 - Chronic Absence and Truancy)

Involuntary transfer to a continuation school shall be made only when other means fail to bring about student improvement. However, a student may be involuntarily transferred the first time he/she commits an act enumerated in Education Code 48900 if the principal determines that the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48432.5)

Prior to an involuntary transfer, the student and parent/guardian shall be given written notice that they may request a meeting with the Superintendent or designee. (Education Code 48432.5)

(cf. 5145.6 - Parental Notifications)

At the meeting, the student or parent/guardian shall be informed of the specific facts and reasons for the proposed transfer. The student or parent/guardian shall have the opportunity to inspect all documents relied upon, question any evidence and witnesses presented, and present evidence on the student's behalf. The student may designate one or more representatives and witnesses to be present with him/her at the meeting. (Education Code 48432.5)

A written decision to transfer, stating the facts and reasons for the decision, shall be sent to the student and parent/guardian. It shall indicate whether the decision is subject to periodic review and the procedure for such review. (Education Code 48432.5)

The persons making the final decision for involuntary transfer shall not be members of the staff of the school in which the student is enrolled at the time. (Education Code 48432.5)

No involuntary transfer to a continuation school shall extend beyond the end of the semester

following the semester when the acts leading to the involuntary transfer occurred. (Education Code 48432.5)

Voluntary Enrollment

As space permits, students who meet the eligibility criteria specified in Board policy may voluntarily enroll in a continuation school. A student may be considered for placement in the continuation school whenever his/her parent/guardian submits a written request to the Superintendent or designee or the student is referred by a counselor or school administrator.

Approval of a student's voluntary transfer shall be based on a finding that the placement will promote the educational interests of the student. (Education Code 48432.3)

Voluntary enrollment shall be subject to the following conditions: (Education Code 48432.3, 48432.5)

1. A student's voluntary placement in continuation education shall not be used as an alternative to expulsion unless alternative means of correction have been attempted pursuant to Education Code 48900.5.
2. The district shall strive to ensure that no specific group of students, including a group based on race, ethnicity, language status, or special needs, is disproportionately enrolled in continuation education within the district.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

The Superintendent or designee shall annually review disaggregated student enrollment data and report such data to the Governing Board. If it is determined that one or more student groups are enrolled in continuation education at a significantly higher level than their proportional enrollment in the district, the Superintendent or designee shall conduct a review of enrollment criteria and procedures to determine the reason for the disproportionate enrollment.

3. A copy of this administrative regulation and accompanying Board policy shall be provided to a student whose voluntary transfer to a continuation school is under consideration and to his/her parent/guardian.
4. Before a student is transferred and upon request by his/her parent/guardian, the parent/guardian may meet with a counselor, principal, or administrator from both the school that the student is currently attending and the continuation school to determine if transferring is the best option for the student.
5. To the extent possible, voluntary transfer to a continuation school shall occur within the first four weeks of each semester.
6. A student who is voluntarily enrolled in continuation education may return to the regular high school at the beginning of the following school year, or at any other time with the consent

of the Superintendent or designee.

Intake and Orientation

Upon voluntary or involuntary transfer to a continuation education program, an intake meeting shall be conducted with each student and his/her parent/guardian. At this meeting, the principal or counselor shall provide information about each course and number of credits that the student needs to complete in order to graduate and shall develop an individualized academic plan for the student. The student, and his/her parent/guardian as appropriate, shall sign a contract indicating their commitment to these objectives.

In addition, at the beginning of each school year, the district coordinator for continuation education, school counselor(s), or other designee(s) shall provide an orientation session for all incoming students and their parents/guardians in order to help them understand the credit recovery process and establish expectations for student conduct and participation. As appropriate, extended orientation sessions may be provided to assist students in developing academic, social, communication, anger management, or other skills necessary to success in school.

Minimum Attendance Requirement

In continuation high schools and classes, a day of attendance shall be at least 180 minutes. (Education Code 46170)

Each student shall attend classes for not less than 15 hours per week. However, if a student gives satisfactory proof of regular employment, he/she may attend classes for not less than four hours per week for the regular school term. These requirements may be met by any combination of attendance in a continuation education class and/or regional occupational center or program. (Education Code 46170, 48402, 48400)

Leaves of Absence

A student enrolled in compulsory continuation education classes may take a leave of absence for up to two semesters for the purpose of supervised travel, study, training, or work in accordance with law, Board policy, and administrative regulation. (Education Code 48416)

(cf. 5112.3 - Student Leave of Absence)

Reenrollment

Any person age 16 or 17 years who terminated his/her enrollment in continuation school after obtaining a certificate of proficiency may reenroll in the district once without prejudice. If the student leaves a second time, the Superintendent or designee may deny reenrollment until the beginning of the next semester. (Education Code 48414)

Cautionary Notice: AB 97 (Ch. 47, Statutes of 2013) repealed Education Code 42605, which provided temporary flexibility for specified "Tier 3" categorical programs, and instead redirects the funding for those categorical programs into the Local Control Funding Formula (LCFF) (Education Code 42238.01-42251). The supplemental and concentration grant portions of the LCFF may be used for any schoolwide or districtwide educational purpose in accordance with state regulations to be adopted by January 31, 2014, with a goal of increasing or improving services for English learners, foster youth, and students eligible for free and reduced-price meals. Certain requirements related to Tier 3 categorical program(s) in the following policy or regulation are no longer applicable.

The Governing Board recognizes the need to provide an appropriate alternative educational program for expelled students who are prohibited from attending regular schools in the district and for certain students referred by probation or district processes. The district shall operate one or more community day schools designed to meet the needs of these students. The Superintendent or designee shall ensure that any such school is operated in accordance with legal requirements related to enrollment, instructional time and facilities.

The Board perceives the community day school as a flexible component of a comprehensive effort to meet the needs of expelled and other at-risk students throughout the county. The Superintendent or designee shall solicit input from the County Superintendent of Schools and neighboring districts when designing the district community day school and shall collaborate with them in fulfilling countywide needs.

In order to foster positive attitudes and academic progress, the Board recognizes that community day schools must give students substantial individual help with their problems. Community day school staff shall collaborate with district counselors, psychologists, and other support staff and with the county office of education, law enforcement, probation, and human services agency staff who work with at-risk youth. To the extent possible, community day school programs shall provide a low student-teacher ratio as well as individualized instruction and assessment.

(cf. 1020 - Youth Services)

(cf. 5149 - At-Risk Students)

(cf. 6164.2 - Guidance/Counseling Services)

The Superintendent or designee shall establish procedures for the involuntary transfer of students to a community day school in accordance with law and administrative regulation.

(cf. 5113 - Absences and Excuses)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

The Superintendent or designee may require community day school students to attend school for up to seven days each week in a directed program designed to provide students with the skills and attitudes necessary for success when they are returned to a regular school environment.

At least 10 calendar days prior to the involuntary transfer of a student as a result of a district-level referral process, the Superintendent or designee shall provide written notice of the transfer to the student's parent/guardian or to the adult student age 18 or older. The notice shall contain a statement of the facts and circumstances upon which the transfer is based, its duration, and the conditions for readmission. The notice shall advise the student's parent/guardian or adult student of the opportunity to inspect and obtain copies of all documents supporting the transfer. In addition, the notice shall also state that the parent/guardian or adult student has five school days to request a meeting with the Superintendent or designee to discuss the transfer.

If the Superintendent designates an individual to represent the district at the meeting, the individual so designated shall not be a member of the staff of the school at which the student is currently enrolled.

At the meeting, the reason for the transfer shall be reviewed with the parent/guardian or adult student and the parent/guardian or adult student may present evidence on the student's behalf.

The Superintendent or designee shall send the parent/guardian or adult student written notice of the decision to transfer or not transfer within three school days of the meeting.

If the parent/guardian or adult student desires to appeal the Superintendent's decision to the Board, he/she shall file written notice of the intent to appeal within five school days of receiving the decision. The Board shall determine whether or not to hear the appeal within 15 calendar days. If the Board desires to hear the appeal, the Board shall decide the appeal within 30 calendar days of receipt of the notice of the appeal. The Board's decision shall be final.

Every three years, the Superintendent or designee shall report to the State Allocation Board on the facilities used for the district's community day programs and efforts to place these programs in facilities that conform with the requirements of item #1 above. (Education Code 17292.5)
