- ◆ Saturday School
Sat Jan 26
- ◆ Valentines Party
Thurs Feb 14
- ◆ Upcoming School
Holidays (no school):
Lincoln Feb 15
Washington Feb 18

Math Club

Math Club runs from 2:55 to 4:05 on Wednesdays and Thursdays. **The dates for January will be 2, 3, 9, 10, 16, 17, 23, 24, 30, and 31.**

After school care runs daily until 5:00. Please remember to pay Mrs. Joyce.

Our Field Trip to the tree farm went very well and we got a wonderful tree. The Craft Fair was great, and we had a good turnout of volunteers to run each of the crafts. The fellowship event in December was such a great time to socialize and get to know each other, thank you to all that attended. The students had a great time at the gymnastics party, and I want to thank the Parent Club for providing that opportunity. The Winter is still with us and we will continue to keep you informed with our calling system if we need to call a late start (10:00 start time) or snow day. If you are not receiving the auto calls, emails, or texts please let the office know. Make sure that you continue to have all your student's snow gear out and ready for the next snow day. We have had several items of snow gear donated to the school. Please let us know if your student needs snow gear. There are several volunteer opportunities coming up and we would like to invite you to help out. The next event coming up is our Saturday School on the 26th, then our Valentine's Day Party in February. See below for further details. Please watch for further information on volunteer opportunities.

Parent Education Night!

On Thursday, January 24th we will have an opportunity to learn with staff about new behavior and "discipline" strategies we are using at school so that you can use them at home. We will start at 6:00 and should end at 8:00. We will have an activity for students so they are welcome to come. I do hope that we will see you there.

Volunteer Opportunities

Saturday School: On Saturday the 26th we will have our next Saturday School. As always this is an opportunity to make up attendance not only for your chance at a perfect attendance award but to help the district with funding as this does affect our bottom line each year. We need parents that can sew to help with puppet making for our school play and parents that can help build the stage and backdrop. Students will be doing science activities with Mrs. Julie when they are not working on puppet.

Valentine's Day Party: Thursday, February 14th from 12:00 to 2:55. We are looking for adults to volunteer at this event. In the past we have put on a fun dance party for the students. If you are willing to help out, please let us know. You will receive a student list soon so that you may prepare valentines for your classmates.
